

REMARKS

The specification is amended to correct an unintentional error. (Ralph W. Swarens is the deceased husband of present inventor Toni F. Swarens, who has now replaced him as CEO of Engineered Lighting Products, Inc.).

Claims 1 and 2 have been canceled.

Claim 3 has been rewritten in independent form including all of the limitations of base claim 1 and intervening claim 2.

Claim 4 has been amended to overcome the Claim Objections in item 4 of the OA.

Alternate wording has been introduced in claim 4 instead of "a second pair of slotted openings" since in the original context "a second pair of slotted openings configured in the second base bracket" would have been vague and confusing. The alternate wording was also applied to the first base bracket for uniformity.

A substitute Declaration, including the citizenship, is enclosed, signed by inventor Anatoly Kudishevich.

Allowable subject matter:

Claims 3-5 are now pending in the application as amended, which, in view of items 8 and 9 in the OA, is believed to be in condition for further examination and allowance. Such action is earnestly requested.

Request and fee for one month extension of time for response has been submitted herewith.

Respectfully submitted,

by
